

1. Go Right from the Airport
Follow that road until you run into the
2. Stadium and have to turn Left
3. Stay on that road until you have to turn Right
4. Now this is where it gets tricky.
You have to make it around down town.
The best way is turn left over the Sidewalk
in front of the bank.
You'll see, the road goes "One Way".
Keep going to the other end of town and cross back
Over the sidewalk. And Stay left.

5. Keep going until just past the small boat yard
you'll see the Eden Beach Sign.
Turn Left into Eden Beach.

If you come to the Round-About you've
gone about 100 yards too far.
